Study Tour Report

2015-2016

Introduction

The purpose of educational trip was to provide students with practical and theoretical experience of field work. The 1st year of class of zoology students visited the Yamai hill for their annual educational tour on Jan/2016. The tour offers study of biodiversity of Aves in Aundh. The students of zoology department able to understand biodiversity and its relation with environment. Adaptations of birds can be well understood in their habitat only.

Objectives of the Study Tour

The objectives of the study tour are as follows:

1. To increase interest of students in zoology.
2. To enhance the knowledge about the Aves.
3. To study adaptation and habits of local birds.

Analysis of Study Tour

As per syllabus of Shivaji University Kolhapur for F.Y.B.Sc. we study the local ecosystem. We visit Yamai hill area for bird watching. Study tours give such opportunity of observing different animals, birds and their habitat that is their natural home. We observed and study the local birds. The habits like feeding, swimming, flying, group behavior, alertness are seen in this tour.

Outcomes of Study Tour

Outcomes are as follows:

1. To study birds in their natural habitat.
2. To classify birds.
3. To understand the correlation between manmade activities and bird biodiversity.

DEPARTMENT OF ZOOLOGY

STUDY TOUR REPORT 2015-16

Introduction :-

The purpose of the Educational trip was to provide students practical and theoretical experience of field work. The B. Sc. II Zoology students visited Yamai Hill for annual educational tour in 2015-16. The tour offers a rare opportunity for the student to learn natural habitat of the Animals in the field.

Objectives of the study tour :-

- To study the marine animals in their natural habitat.
- To visit place of biological interest.
- To study aspects of applied zoology.
- To study the inter relationship between the animals and environment.
- To create interest , curiosity , in students.

Analysis of study tour :-

As per the Syllabus of Shivaji University, Kolhapur we arranged a study tour at Yamai Hill of Aundh, Tal- khatav, Dist-Satara. During the trip we visited Yamai hill which is situated in the Aundh village at Yamai Hill there are different places where we studied the natural habitat of different birds like sparrow, crow, Parrot, etc. as well as we also studied the natural habitat of different animals of class Amphibia e.g. Frog as well as class Reptile e.g. Garden Lizard, Chamelion, Snake etc.

Outcomes of study tour :-

- Students learn from observation and experience of field work.
- Students observe natural habitat of birds, reptilian and amphibian animals.
- Student develop skill regarding organization, management, decision making and problem solving
