DEPARTMENT OF ZOOLOGY

STUDY TOUR REPORT 2018-19

**Introduction :-**

The purpose of the Educational trip was to provide students practical and theoretical experience of field work. The B. Sc. II Zoology students visited Malvan for annual educational tour in 2018-19. The tour offers a rare opportunity for the student to learn natural habitat of the Animals in the field.

**Objectives of the study tour :-**

- To study the marine animals in their natural habitat.
- To visit place of biological interest.
- To study aspects of applied zoology.
- To study the inter relationship between the animals and environment.
- To create interest, curiosity, in students.

**Analysis of study tour :-**

As per syllabus of Shivaji University Kolhapur for B.Sc. 2 we visit to marine water ecosystem of Malvan.

Day on 30 Dec. and 31 Dec. our Zoology department arrange educational tour for students of B. Sc part 2 .Prof. Pol S. H. ,Prof. Mulla.A.A. and students. Tour gives us such opportunity of observing and studying different animals and their habits in their habitat i.e. their natural home.

We observe and study the fishes and marine animals malvan-sindhudurg . The habits like swimming group behavior , alertness are seen in this tour . We also study some fishes , and marine animals which are caught by local fisherman. Some molluscs like Pila globosa bivalves. Sepia are also present on marginal area of waterbody. some arthropods and like crab, prawn, lobstr are also observed. Total 50 students visited at Malvan in 2018-19

### Outcomes of study tour :-

- Students learn from observation and experience of field work.
- Students observe natural habitat of birds, reptilian and amphibian animals.
- Student develop skill regarding organization, management, decision making and problem solving
- Students observe the birds migrated in search of food and reproduction.
- Students also observe different types of Fishes.
